## comfort + versatility + elegant

**The AVANCE in the model AVANCE 1030 is a luxurious and extremely comfortable seat for longdistance coaches whose varied equipment and options leave nothing to be desired.**

Suitable for use in 4 or 5-star longdistance coaches, the AVANCE 1030 seat offers long-distance passengers an extraordinarily high level of comfort. This is achieved in particular through the marked contours in the headrest and the lumbar region. Various padding and different kinds of leather-fabric covering combinations offer a broad range of options. Thanks to the varied selection of colours and decors, the AVANCE 1030 can be adapted to every taste and vehicle interior.

The AVANCE 1030 also has an adjustable headrest. All in all, the AVANCE 1030 convinces with its comfort, its harmonious, attractive and modern design and its quality thanks to the use of high-quality materials.

Diverse are optional accessories and components, which range from basics such as tables, armrests and newspaper baskets to digital features such as USB connections.
